Questions:

1. Evidence for paid due taxes and other public fees in accordance with regulations of the Republic of Serbia or of a foreign country if the bidder has its head office in the territory of a foreign country (Article 75, paragraph 1, item 4 of the Law). Should be this in 1 document or divided in 2 documents like:

3.1. A certificate issued by the Tax Administration of the Ministry of Finance evidencing that the bidder paid due taxes and contributions

3.2. A certificate issued by the competent local self-government administration evidencing that the bidder settled all local public revenue liabilities

Answer:

According to the rules in your country, you can submit one or two documents to prove that the bidder settled all taxes and contributions.

2. Understand I correct, that it would be enough to submit some documents (evidence for paid due taxes, criminal report and that the company is registered with the competent authority) by a statement from chapter 6 by which we confirm under threat of perjury or fraud that we comply with the mandatory requirements for participation in the procedure? And on request of Contracting Authority to submit a copy or originals of requested evidence in certified copies?

Answer:

Bidders can demonstrate compliance with the mandatory requirements under item 4.1 of this chapter - Mandatory requirements for participation in the procedure when submitting bids by a statement by which they confirm under threat of perjury or fraud that they comply with the mandatory requirements for participation in the procedure (text of the statement is included in chapter 6 of the Tender Documentation).

Evidence must be provided on compliance with additional requirements.

If the bidder demonstrated compliance with the mandatory requirements for participation in the procedure by the statement, before passing of a decision on the award of the contract, the Contracting Authority must request from the bidder whose bid has been evaluated as the most advantageous to submit a copy of requested evidence of compliance with the requirements and may also request to be provided with the original or a certified copy of all or certain pieces of evidence. The Contracting Authority may also request evidence from other bidders.
